Math 15900 Exam Jam

MATH 15900 is a one-semester equivalent course for MATH 15300 and 15400, covering the material in both courses.

Therefore, MATH 15900 students should complete the Exam Jam Packets for both 15300 and 15400 in order to cover the entire course’s material.

Due to the nature of the MATH 15900 course, students may attend any combination of the 15300 and 15400 Exam Jam Sessions, dependent on the student’s personal preference of which material they feel they need to review.

Dates, times, and locations for these sessions are available on the MAC Exam Jam Flyer available at our website mac@iupui.edu
